Ms. Patricia Van Gerpen
Executive Director
South Dakota Public Utilities Commission
Capitol Building, 1st floor
500 East Capitol Avenue
Pierre, SD 57501-5070

Dear Ms. Van Gerpen:

Enclosed is the detail for determination of the Energy Adjustment Rider rates by Service Category based on the three months ending March 2021. The new adjustment factor is applicable on bills rendered on and after May 3, 2021 (Billing Cycle 1).

The calculation was made in compliance with the Energy Adjustment Rider, Electric Rate Schedule – Section 13.01, as approved by the South Dakota Public Utilities Commission in the Order Approving Interim Refund Plan; Order Approving Tariff Revisions dated July 9, 2019, in Docket No. EL18-021.

Per Commission approval in Docket No. EL18-021, the following changes to the Energy Adjustment Rider are applicable on bills rendered on and after August 1, 2019:

- 1) The “E8760” Energy Adjustment Factor Ratios are used to calculate the Class Energy Adjustment Factors (EAF) for each customer service category defined by Customer class.
- 2) The recovery of Coyote Station pebble lime reagent is no longer in base rates, but are recovered in the Energy Adjustment Rider.
- 3) Otter Tail Power Company has removed the Non-Asset Based line from the energy adjustment rider calculation to reflect the discontinuation of Non-Asset Based transactions.

Otter Tail Power Company (Otter Tail) submits the following attachments:

- 1) Calculation of the May 2021 Energy Adjustment Rider based on the three-month period ending March 2021.

- 2) South Dakota Over/Under Recovery (2 pages).
- 3) Detail of MISO Day 2 Charges by Charge Type for SD Energy Adjustment Rider marked as Attachment A.
- 4) Detail of MISO Day 2 Charges by Retail, Asset Based Wholesale, and Non-Asset Based Wholesale for Current Month and Year to Date marked as Attachment B.

Effective January 1, 2015, Otter Tail discontinued operations focused on non-asset based trading. Otter Tail did maintain trade secret status through 2017 as there were certain subsequent settlement adjustments attributable to prior transactions still flowing through the MISO Day 2 Charges reporting. With the discontinuance of non-asset based trading, beginning with 2018, it is no longer necessary to mark certain MISO Day 2 attachments as trade secret.

- 5) Otter Tail's Plant Conditions for March 2021 marked as Attachment C.
- 6) Otter Tail's Wind Curtailment Report for FPL Energy North Dakota II, LLC, Langdon Wind, LLC and Ashtabula Wind III, LLC marked as Attachment D. Please note this document contains Trade Secret Data.
- 7) Detail of Southwest Power Pool (SPP) Charges by Charge Group for Current Month and Year to Date marked as Attachment E. The SPP charges are reported in the Purchased Power lines of the Energy Adjustment Rider calculation.

Otter Tail requests confidential treatment of columns (C), (D), (E), (F), and (G) of the Attachment D pursuant to ARSD Part 20:10:01:41 due to the competitive nature of the data in those columns. Otter Tail is requesting confidential treatment for a period of at least 12 months and will request an extension in the future if necessary. Contact Stuart Tommerdahl, Manager of Regulatory Administration at: (218) 739-8279, 215 South Cascade Street, Fergus Falls, MN 56537 with any questions of concerns regarding the confidentiality request.

Revenue from Energy Adjustment Rider for March 2021:

Total Sales in South Dakota	42,439,261 kWh
Sales Subject to Energy Adjustment Rider	40,007,978 kWh
Average Rate During Period	\$.02024
Revenue in Period	\$809,681.22

Sincerely,

/s/ JILL R. BJORGUM
