

12-7-2012

Commissioner Fiegen,

I met you at the Dakota state university
home coming parade.

you greeted me and ask for my vote, yes, I
did vote for you.

you stated to me "should you need something
please contact me". Well!

EL12-046 Excell requesting a rate increase.
Excell is wanting to raise our Electric rates - Please
Vote No. When upper leadership and wages are
way out of line, they don't need millions - They make
millions now.

One of your T.V. Campaign Pledge was to fight
for consumers. Now comes the Test!

When I moved to Sioux Falls, my monthly bill was
\$65.00 per month. Now Ten years later I am currently
paying \$83.00 use the same kilo watt! wife (no kids)
at home) and my self haven't changed my habits about
Electric usage. Rate per kilo watt raised.

I'm retired on Fixed income. I've haven't had a
raise in 55 or my other retirement checks. ^(3 years) Do to
Recession

Please let me know how this turns out - (results)

I know your honest and will work hard for the public
God Bless & have a merry Christmas.

H. John Martin

[REDACTED]

Sincerely,
H. John Martin. (over)

Please give to the other Commissioners
and allow them to read it.

Thanks
John M.
