

My name is Carol Finstad - I live with my husband, [REDACTED], in northern Clark Co. and I support the Crocker Wind farm [REDACTED] is a 3rd generation on our farm and our son (who lives 1 mile away) is the 4th generation to farm there! [REDACTED] grandfather bought the farm in 1905!

Our income comes totally from the farm.

In hand to [REDACTED]

I've been able to work alongside [REDACTED] for 54 years.

[REDACTED] lost one eye in 2007 and now the second one has impaired his vision so he's unable to do his work or take care of our cattle - therefore the money we'd get from the Wind farm project would help us, but also would help our county, school and our neighbors.

In conclusion I ask for your approval of the Crocker Wind Farm Permit. Thank you for your time and consideration.

Carol Finstad
