Robert,

Below is the email we received from Ben Wipf. Dakota Energy is less than 500 feet from this new single phase service and Dakota Energy would request zero dollars (\$0.00) of construction aid to provide electric service, as per our single-phase line extension policy for new homes, from Mr. Ben Wipf which includes the cost of metering.

If you need more information or have any questions, please let me know.

Sincerely,

Mike Moncur, Manager of Finance & Administration

Craig,

I was told to send you an email for this.

In regards to 111-62-SE-sec-26, I am requesting that NW Energy release my electricity supply to Dakota Energy due to the large costs of installation from NW since their line is over a mile away. Dakota Energy's is within 300' of my property and would be more cost effective.

Thanks,

Ben Wipf
