

To Whom It May Concern,

Date: June 1 2020

I am writing this letter to inform you that I am requesting to have Xcel Energy, serve by exception, a 3-phase, 400 amp service for my new stand-alone grain drying system. The grain dryer will be located near my existing grain bins in the southeast corner of T103N R48W S2 and will be located at the address of 48296 251<sup>st</sup> St, Garretson, SD, which is owned by the David Bly Living Trust. I understand that this is in Sioux Valley Southwestern Electric Cooperative, Inc. service territory and am writing to let you know that I approve of this territory exception that will allow Xcel Energy to serve me. I also understand that this service will automatically terminate upon removal or abandonment of such service. It is known that the service territory rights exception agreed upon herein will remain for the life of the said service, no matter the owner of the property, unless otherwise agreed upon by Sioux Valley Electric Coop and Xcel Energy.

Sincerely,

David Bly Living Trust
