RE: Docket No. EL21-024

Dear Ms. Van Gerpen:

MidAmerican Energy Company (MidAmerican) transmits the accompanying electric tariff sheets for filing.

South Dakota Electric Tariff Schedule No. 2:

Section No. 3:

2nd Revised Sheet No. 55
2nd Revised Sheet No. 58

Canceling 1st Revised Sheet No. 55
Canceling 1st Revised Sheet No. 58

Effective: September 30, 2021

On August 23, 2021, MidAmerican submitted a tariff filing to propose a number of minor “housekeeping” changes to its electric tariff. That filing was identified by the South Dakota Public Utilities Commission (Commission) as Docket No. EL21-024. As part of that filing, MidAmerican had proposed to revise the availability requirements of Rates GET and GDT to specify the customer’s demand must be less than 200 kW. This would have made the availability requirements of Rates GET and GDT consistent with the availability requirements of Rates GE and GD. However, after additional research, MidAmerican has determined that these changes would negatively impact at least six existing customers on Rates GET and GDT as their demand is slightly over 200 kW and therefore, they would no longer qualify for their current rate. MidAmerican conducted a rate comparison and found that these customers would experience a substantial rate increase if they were now forced to a different rate based on this proposed tariff change. Given this additional research and discussions with Commission staff, MidAmerican has decided to forego the proposed changes to the “AVAILABLE” section on Sheet Nos. 55 and 58 of Section No. 3. The two tariff sheets being submitted with this filing are intended to replace the corresponding tariff sheets initially filed on August 23, 2021. All other tariff sheets filed on August 23, 2021 remain unchanged.

MidAmerican submits this filing pursuant to South Dakota Administrative Rule 20:10:13:10 and respectfully requests an approval date of September 30, 2021.

Please contact me if you have any questions.

Sincerely,

/s/ Diane Votino
