

Customer notice

The South Dakota Public Utilities Commission approved our request for a new My Renewable Energy Credits (My RECs) Rider and associated updates to our Index and Matrices Rate Schedules, effective June 1, 2024.

This voluntary rider allows our nonresidential customers to offset carbon associated with their energy use with Renewable Energy Credits (RECs), which we'll retire on their behalf annually, and doesn't affect any other rates.

For more information, contact Customer Service at 800-257-4044 or visit otpc.com/MyBill.
