SOUTH DAKOTA PUBLIC
UTILITIES COMMISSION

Members of the PUC,

I am a resident in Hutchinson Co. Valley Township Sec 8 Range 56 58-98-56, also have land in Sec 20-98-56, and sold land to our sons on Contract for Deed on Sec. 29-98-56. My sons farm this land and they need every acre of it for their livestock dairy & hog operations.

Would you want a large pipeline going through your backyard? Oren was unable to buy corn from our local elevator to feed his hogs and had to buy them from other farmers which was not easy to do.

The pipeline plans to go through an entire section Sarah Stahl, Tom & Oren Stahl's land in Sec 8-98-56. This would ruin our land from one end to the other. ☒

I would suggest they find a route along Highway Interstate 28 & 29.

The other land they had planned on going is in Sec. 20. This ground is all flat choice ground. We need this pasture for our Dairy Heifers.

Please have them reconsider Interstate 29

Sarah Stahl
