SOUTH DAKOTA PUBLIC
UTILITIES COMMISSION

To whom it may Concern

Public Utilities Commission

Commissioners C. Hansen, S Kolbeck & D Johnson

I am a user of water provided by BDM for personal and animal use. As a user I am extremely concerned that the Public Utilities Commission would even consider allowing an OIL Pipeline anywhere near a clean water source. Even a small leak or spill could condemn the water for people in a 3 county area. Aquifers are a natural resource that deserve constant efforts to avoid contamination.

It is within your power to move the proposed pipeline away from our water source and this letter comes with the hope and prayer that you act accordingly.

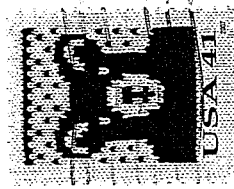

Sincerely

Maria McIntire
