SOUTH DAKOTA PUBLIC  
UTILITIES COMMISSION

Dear Sirs;

I am a farmer in Lowell Twp. Marshall County.

I receive our water thru the BDM Rural water system. I am very concerned about the oil pipeline traveling thru the area where our water comes from. I know that nobody plans for leaky pipes but nevertheless, such things do happen in which case, I don't think anyone knows how severely that could affect our water supply. I realize you have a tough decision to make but I would hope you could give this your utmost consideration.

Thank you
