

P. U. C. Commissioners:

In regard to the Trans Canada pipeline through an area in Marshall County with a surface aquifer that flows directly into B.D.M.'s water source aquifer - experts have testified at a recent P.U.C. hearing that it is dangerous & places our B.D.M. water source at risk - I want to inform the P.U.C. Commissioners that this is unacceptable & there must be a pipeline reroute around this water intake area - I am a B.D.M. water user & deeply concerned.

Thank you -

Mary Ann Thompson
