

Sioux, SD.
Feb. 22, 2008

Dear Kent, and to those this concerns:

New information has arisen that makes me more aware of the dangers of the pipeline. I, too, would prefer that it went to the east of us.

The WEB pipeline goes on the south edge of my land by Andover. The lines for BDM are also in the area. The proposed pipe line would have to cross water lines twice in $\frac{1}{2}$ of a mile. This seems to be excessive.

Thank you for contacting me. I, too, request that the route be changed or rerouted.

Sincerely,
LaVonne J. Helmer
