Sir - Please reroute the
Trans Can - line around our
Rural Water Supply in Marshall County.
Area's West have less issues with
surface water for Rural Water Supply
such as BDM. We like the safety
factor of BDM/WE B water VS
our own well. Our well has a very
low volume of water only fit for cattle
sometime. The non-U.S. company "Trans
should be less important than my S.D.
water source as I am a U.S. & S.D. citizen
