Subject: [EXT] Trans Canada/Keystone

Hello Mr. Nelson,

I see where you'll be considering a number of requests by Trans Canada/Keystone. I have had land-owners question whether TC will be releasing the easements across their property. Some have 20 year abandonment periods, but not sure how we'll get rid of the easements in 20 years. They would rather take care of it now. Is that something that can be addressed by the Commission? Thanks so much.

Ronda Miller, Attorney at Law
