IMPORTANT INFORMATION

At CenturyLink, we strive to provide you with quality products at great values. That's why we want to be sure you understand your rights as a customer, as well as the various rates and charges that are included in your CenturyLink service. Please call us at the number located in the Manage Your Account section of the bill if you have questions about any of this information.

Federal Universal Service Fund Changes – The Federal Universal Service Fund (USF) rate is reviewed on a quarterly basis by the Federal Communications Commission (FCC). Consequently, you may see changes on your bills in January, April, July and/or October. CenturyLink will apply rate changes on all applicable CenturyLink charges, such as those for the local line, private line interstate, long-distance interstate and international service. The Federal USF rate and charge are clearly identified on your bill. The effective rate can be found on

http://www.fcc.gov/encyclopedia/contribution-factor-quarterly-filings-universal-service-fund-usf-management-support.

Federal Access Charge Changes - The annual adjustments of a federally approved telephone Subscriber Line Charge and Access Recovery Charge took effect July 2, 2019. These charges cover part of the cost for providing access to and maintenance of your local network. The effective rates can be found on your bill.

CenturyLink Customer Rights

Local Service – Your CenturyLink local telephone service includes dial-tone; access to the long-distance network; any call to 911 emergency services; one white page directory listing; and a telephone directory. As long as you pay all of your local telephone charges, your service cannot be disconnected or interrupted. CenturyLink may require a refundable deposit to establish service. **Local Toll Service** – Local toll service (or intraLATA service, or local long-distance service) provides calling to numbers outside your local service calling area but within your local toll calling area. Toll charges usually apply. You have the right to choose your local toll provider, subject to availability. CenturyLink provides local toll service.

Long-Distance Service – You have the right to choose your long-distance service (or intrastate and interstate service) provider, subject to availability. Check the yellow pages for the names and telephone numbers of long-distance companies serving your area. CenturyLink Long Distance provides long-distance service.

Toll Call Blocking – You can request that outgoing local toll and long-distance calls be disallowed from your phone. Simply request the services be blocked by CenturyLink (charges may apply). **Privacy** - CenturyLink is committed to maintaining our customers' privacy. Like most companies, we collect information about our customers and use it to provide our services. We also share it as needed to meet our business goals or fulfill our legal obligations. We protect the information we have about our customers, and we require those we share it with to protect it too. Our Privacy Policy describes the information we collect, how we use and share it, the choices you have about our use and sharing, and the steps we take to protect it. You can find our Privacy Policy here http://www.centurylink.com/aboutus/legal/privacy-policy.html or, if you are unable to access the Internet, write us at Privacy Group, CenturyLink Legal, 100 CenturyLink Drive, Monroe, LA 71203 to request a printed copy.

Long-Distance Carrier Freeze – You can also request that CenturyLink "freeze" your long-distance carrier, meaning that the carrier cannot be changed without your express permission. If a change in carrier is made that you have not authorized, call CenturyLink or your preferred long-distance provider and report it. CenturyLink will correct the unauthorized change at no charge. **Inside Wiring and Telephone Equipment** - You are responsible for the maintenance of all telephone equipment and telephone wiring inside your home. CenturyLink offers wire maintenance plans (charges apply).

Payment Responsibility - Your name will appear on the bill for your service, and you are responsible for all charges related to the products, services and other items you have ordered. Partial payments will be allotted first to local telephone services and last to non-local telephone services, unless you direct otherwise.

Information Services - These pay-for-use services are usually reached with an exclusive telephone 900 number prefix (such as 900 or 976). You may request free blocking for all calls to these types of numbers from your home phone simply by calling CenturyLink.

Call Information Blocking - You may block the display of your telephone number to customers who use our CLASS services (such as Caller ID or Last Call Return). Per-call blocking is free and automatically available to all customers: Simply dial "*67" (or 1167 from rotary phones) immediately before placing your call. You may also request free per-line blocking, which will block the display of your number for all calls.

Information About Caller ID "Number Spoofing" - Be aware: a variety of websites and vendors offer services that will let a person make it look like they are calling *from any number they want*. In this situation, the name or number that displays on the caller ID or similar equipment may *not be* the information of the calling party. This is often called "number spoofing." Sometimes it is done for a legitimate purpose, sometimes it is not.

Harassing Phone Calls - If you receive harassing or obscene phone calls, you may call the CenturyLink Annoyance Call Bureau at 1 800.582.0655 for assistance or consult your local police department. Where available, you may also automatically trace individual harassing or obscene calls by dialing "*57" (or 1157 from rotary phones) immediately after receiving one. After you have completed three successful traces to the same number, simply call our Annoyance Call Bureau to let them know. We will send a letter to the address from which the calls were made and, at your request, forward the trace information to your local police department. Note that trace information is never provided directly to any customer and there may be a fee charged each time you use Call Trace.

Your Rights Regarding Pay-Per-Call Information-Delivery Services - CenturyLink wants to be sure you are informed of your legal rights related to pay-per-call information-delivery services. These are services you generally access through dialing prefixes like "900" or "700" and that charge by the call or by the minute. Pay-per-call services can include recorded telephone messages, interactive programs or other information services. CenturyLink does not provide interstate pay-per-call services. But we do bill customers in our local service region on behalf of many third-party companies, including interexchange long-distance carriers and billing aggregators. A number of these companies, in turn, bill on behalf of pay-per-call service providers. You have specific rights and responsibilities regarding pay-per-call charges that may appear on any of these various companies' bill pages within your CenturyLink bill. We are providing this notice in order to explain those rights as described in the federal Telephone Disclosure and Dispute Resolution Act (TDDRA).

To Report a Billing Error - If you believe you have been billed in error for any pay-per-call services, call the toll-free number listed on the bill page where the pay-per-call charge appears no later than 60 days after you receive the bill containing the charges; or 60 days after the goods you ordered were delivered or should have been delivered, whichever is later. When you call, be prepared to provide the following information:

- Your name and telephone number
- The date the disputed charges first appeared on your bill
- The amount of the disputed charges
- A brief explanation of why you believe you were billed in error

If you contact CenturyLink - either directly or because CenturyLink is acting as the first point-of-contact for a pay-per-call billing entity - about a disputed charge, CenturyLink will credit your bill for the disputed amount and refer the matter and the charges back to the billing entity. That billing entity, or the pay-per-call service provider, may elect to pursue further action, so it is always good

to follow-up with the entity billing the charges on behalf of the pay-per call provider to assure full resolution of your matter.

Response from the Billing Company - In the event you contact the company whose name appears on the bill page where the pay-per-call charge appears, in a timely manner, they must acknowledge your claim in writing within 40 days if they haven't resolved your claim within that time. This company must also acknowledge that you are not required to pay the disputed charge pending resolution of their investigation. You must still pay the nondisputed portion of your bill; failure to pay may result in your access to pay-per-call services being involuntarily blocked and/or collections activity against you. If the disputed amount has already been sent to collections, the collection activity will be suspended. This same company must investigate, within 90 days of your initial complaint, whether or not the disputed charges are valid. If there was a billing error, the billing company will let you know and will adjust the charges as appropriate. If the charges have been referred to collections, the collections activity will stop. If the billing company determines the charges were not billed in error, you will receive a written explanation detailing how that conclusion was reached, how much you owe, and the date by which you must pay it. Failure to pay could lead to collection activity. If you continue to dispute the charges, the billing company should not report you as delinquent without also reporting that you continue to dispute the charges. **Compliance** - Any long-distance carrier or billing aggregator acting as a billing agent for a pay-percall service provider that does not comply with the federal rules may not collect the first \$50 of any disputed pay-per-call transaction - regardless of whether or not the disputed charges are discovered to be correct.

Additional Customer Rights - You have a right not to be billed for pay-per call services that do not comply with federal laws and regulations. Your local telephone service cannot be disconnected if you do not pay for pay-per-call services. **You may request a block to prevent access to pay-per-call services from your phone line. CenturyLink will provide the block, where feasible, at no charge to you.**

Telecommunications Relay Service

Dial 7-1-1 or Special Toll-Free Numbers Listed in Your Telephone Directory

Telecommunications Relay Service is a free telephone service that allows persons with hearing or speech disabilities to place and receive telephone calls using standard telephone equipment or telephone equipment designed for individuals with disabilities. To use Relay dial one of the toll free numbers listed in your telephone directory, or simply dial **7-1-1**. A specially trained Communications Assistant (CA) will answer your call and relay the telephone conversation between you and the party you are calling. All call information and conversations are confidential. Relay service is available 24 hours per day, 365 days a year. Long distance calls placed for you can be billed to your existing long-distance service calling plan, collect, or with the use of a pre-paid calling card, carrier calling card, or third-party billing.

Types of TRS Calls

Computer (ASCII): users can access Relay Service by setting the communications software to the following protocols: speeds ranging from 300 to 2400 baud: 8 Bits, No Parity; 1 Stop Bit; Full Duplex. For speeds at or below

300 baud, follow the above using Half Duplex.

Hearing-Carry-Over (HCO): HCO allows hearing individuals with very limited or no speech capability to type his or her conversation for the Communications Assistant to read aloud to the hearing person. The HCO user hears the other party's response. HCO requires a specially designed telephone.

Internet Protocal (IP) Relay: Connect to the relay using your computer or other web device. The Communications Assistant handles the call the same as a traditional relay call - "voicing" or reading

everything you type to the other party - and typing everything the other party says for you to read on your screen.

Spanish Relay: Spanish speaking persons with a hearing or speech disability are able to make relay calls. This is not a translation service – both parties must speak Spanish, and at least one party must have a hearing or speech disability.

Speech-to-Speech (STS): STS allows a person who has difficulty speaking or being understood on the phone to communicate using his or her own voice or voice synthesizer. The Communications Assistant revoices the words of the person with the speech disability so the person on the call can understand them. No special telephone is required.

Text Telephone (TTY): Allows anyone who is deaf, hard of hearing or speech disabled to use a TTY to communicate with anyone using a standard telephone.

Video Relay Service (VRS): Allows natural telephone communication between Sign Language and standard telephone users. This service requires high-speed internet service such as DSL, cable modem, or mobile broadband modem.

Voice-Carry-Over: VCO enables people who have difficulty hearing on the phone to voice their conversations directly to the hearing person. The CA then types the hearing person's response to the VCO user. (Requires a special telephone with text display.)

Voice/Standard Telephone: A hearing person may use a standard telephone to place a relay call and easily converse with a person who is deaf, hard of hearing or speech disabled.

Voice Over Internet Protocal (VOIP): VoIP customers can access the

Telecommunications Relay Service (TRS) by dialing 7-1-1 or using the toll-free number listed in your telephone directory.

Captioned Telephone Relay

CapTel uses a telephone with a text display screen to allow a person who is hard of hearing to see word-for-word captions of what the other party on the call is saying, while also listening to what is being said using their residual hearing (much like TV captioning). The CapTel user speaks directly to the other person on the call, and the CA uses voice recognition technology to repeat what the other party says, which is then transmitted as text to the user's specialized CapTel phone.

TTY Users and Emergency Assistance ("9-1-1")

TTY callers should dial 9-1-1 directly. All 9-1-1 centers are equipped to handle TTY calls. Using Relay for 9-1-1 may result in a delay to getting your urgent message through. For more information about TRS, please go to the following URL:

http://www.centurylink.com/Pages/AboutUs/Community/Disabled

Monitoring and Recording of Calls with CenturyLink Business Offices and Other CenturyLink Representatives

Please remember, when you call CenturyLink for sales, service or repair issues, CenturyLink may monitor or record those calls for quality assurance or training purposes. Additionally, when a CenturyLink customer service representative or repair technician calls you, those calls too may be monitored or recorded for the same purpose. Please inform all members of your household or business who may be in contact with CenturyLink of this information.

High Cost Fund (Applicable to Colorado Customers Only) - NOTICE

You may have noticed a charge on your telephone bill for the Colorado Universal Service Fund. This charge is required by the Colorado Public Utilities Commission (PUC) to pay for the Colorado Universal Service fund established by state law.

What is the Colorado Universal Service Fund?

There are two primary purposes of the fund: (1) to make basic voice telephone service affordable in certain high cost areas of Colorado; and (2) to provide funds for grants to build broadband networks in unserved areas of Colorado. The PUC provides

Universal Service Fund payments for basic voice telephone service to telephone companies that serve areas with high costs and meet other PUC requirements for the funding. Grants for building broadband networks are determined and overseen by the Colorado Broadband Deployment Board. Payments to telecom providers for basic voice telephone service in high cost areas are overseen by the PUC.

What services is this charge applied to and who pays it?

This charge is assessed as a percentage of your in-state telecommunications services for local, wireless, paging, in-state long distance, and optional services. The charge is not applied to interstate services. All telecommunications customers in Colorado pay this monthly charge.

What is the monthly charge?

The monthly charge is currently set at 2.6 percent, which was effective April 1, 2013.

Who do I call if I have questions about this charge?

For more information, contact your telecommunications provider.

Slamming - Have you ever been slammed? Would you know if you have? Slamming is when one telephone company changes a customer's telephone service - usually long distance service - to another telephone company without that customer's permission. CenturyLink is here to offer some helpful tips on how to avoid being a victim of slamming. Initially, you should call your local telephone company and request a "PC FREEZE" (Preferred Carrier), which will prohibit future changes to your carrier selection until further notice from you. If you receive a call from a telemarketer asking you to change your long distance service and you are happy with your current service, just say that you are not interested and hang up. Don't verify your name, your spouse's name, or your address and never give out your Social Security number. Always carefully read the fine print on everything, including any checks, offers for calling cards, sweepstakes or drawings. If you are slammed, notify your local company to reconnect you to your preferred long distance company at no charge. If the rates charged are higher than your normal rates, you may be entitled to a refund.

Telephone Assistance - CenturyLink participates in a government benefit program (Lifeline) to make residential telephone or broadband service more affordable to eligible low-income individuals and families. Eligible customers are those that meet eligibility standards as defined by the FCC and state commissions. Residents who live on federally recognized Tribal Lands may qualify for additional Tribal Lifeline credits. The Lifeline discount is available for only one telephone or broadband service per household, and can be on either wireline or wireless service. Broadband speeds must be **15_18** Mbps download and 2 Mbps upload or faster to qualify. A household is defined for the purposes of the Lifeline program as any individual or group of individuals who live together at the same address and share income and expenses. Lifeline service is not transferable, and only eligible consumers may enroll in the program. Consumers who willfully make false statements in order to obtain Lifeline telephone service can be punished by fine or imprisonment and can be barred from the program. If you live in a CenturyLink service area, please call 1-855-954-6546 or visit centurylink.com/lifeline with questions or to request an application for the Lifeline program.

Annual Customer Do-Not-Call Notification - The federal government established a national Do-Not-Call Registry where consumers can register their residential telephone number(s) (including wireless) for free and it will remain on the national Do-Not-Call Registry until you remove or discontinue it. Consumers can register their numbers from the phone number they wish to register by telephone at 1 888-382-1222 or through the Internet at www.donotcall.gov. TTY users should call 1-866-290-4236.

8-1-1 Call Before You Dig - 8-1-1 Call Before You Dig - Digging into underground telephone, electric, gas or water lines can disrupt service to your area or could cause serious injury and you could be charged substantial fines. For peace of mind, please call 8-1-1 at least two business days before digging up your property. This is a free service.

Phone and Internet Discounts **Available to CenturyLink Customers**

The South Dakota Public Utilities Commission designated CenturyLink as an Eligible Telecommunications Carrier within its service area for universal service purposes. CenturyLink's basic local service rates for residential voice lines are \$25.25 per month and business services are \$34.00-\$38.40 per month. Specific rates will be provided upon request.

CenturyLink participates in a government benefit program (Lifeline) to make residential telephone or qualifying broadband service more affordable to eligible low-income individuals and families. Eligible customers are those that meet eligibility standards as defined by the FCC and state commissions. Residents who live on federally recognized Tribal Lands may qualify for additional Tribal benefits if they participate in certain additional federal eligibility programs. The Lifeline discount is available for only one telephone or qualifying broadband service per household, which can be either wireline or wireless service. Broadband speeds must be 18 Mbps download and 2 Mbps upload or faster to qualify.

A household is defined for the purposes of the Lifeline program as any individual or group of individuals who live together at the same address and share income and expenses. Given the years of work that have gone into this effort, it was humbling to be in Sioux Falls when Verizon recently flipped the switch on the first 5G cells in the state. Faster speeds and easier access to information is great, but there's more to offer. 5G also means jobs and economic growth. In the Sioux Falls area alone, 5G is expected to create an additional 1,500 new jobs and give the city's economy a big shot in the arm.

By the end of the year, nearly a dozen 5G-enabled small cells will be active along Phillips Avenue in Sioux Falls. It's a major milestone in this technological revolution, but this marks a new beginning in a lot of ways, too. There's a lot more work ahead of us, but when they write the history book on 5G, Sioux Falls will be among the first few chapters, and that's something our state can be proud of having accomplished together.

Grief & the Holidays

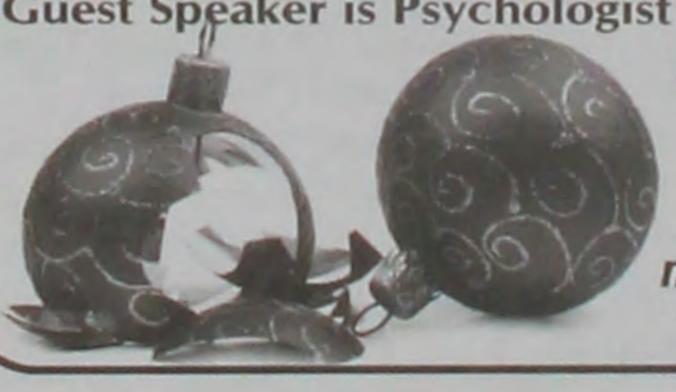

(Free to the Public)

The holidays often accentuate the grief we feel with the loss of a loved one. We recognize the need to mourn and to integrate loss into our lives. To assist you and your family on your grief and mourning journey, we are holding a grief seminar.

Wellspring Grief Seminar Saturday, November 23, 2019 1:00-3:30pm

Prairie Arboretum Visitor's Center 748 S. Main Street, Freeman, South Dakota 57029 (Adjacent to Heritage Hall Museum)

Guest Speaker is Psychologist Daniel Burrow

Grieving is hard and doing the active work of mourning can be even harder.

Payment due upon receipt to Louisiana Press Association. Please pay from this invoice.

The Louisiana Press Association (LPA) is not liable for any error in placement of advertising to an extent greater than the cost of the space occupied, or that would have been occupied, by error(s) due to LPA action(s) or inaction(s). Claims against the LPA for adjustments must be made not later than the earlier of three days from

the receipt of the tear sheets/proof of publication/reports or within three days of having knowledge of the error(s). LPA does not assume any liability for error(s) made by any media vendor in which the advertisements are placed.

Lifeline

Support programs for qualifying low-income customers

CenturyLink provides qualifying low-income customers the access to two support programs:

- · Lifeline (Federal) and
- Telephone Assistance Program (TAP) assistance offered at the state level

COVID Updates in effect until June 30:

- Recertifications. Recertification is now on hold for the anniversary dates between April 14, 2020 and September 28, 2020.
- Reverifications. All reverification activity is on hold.
- Qualification based on income:Individuals may provide less than three consecutive months of documentation as long as they provide an official document that substantiates their income.
- De-enrolls. Involuntary de-enrollments of existing subscribers should not occur. Customers are still required to adhere to the Lifeline eligibility criteria.

Overview Qualify Apply

Overview

Lifeline is the FCC's program to help make communications services more affordable for low-income consumers. Lifeline provides subscribers a

discount on monthly telephone service purchased from participating providers. The discounts, which can be applied to stand-alone broadband, bundled voice-broadband packages - either fixed or mobile - and/or stand-alone voice service, help ensure that low-income consumers can afford state-of-the-art Broadband and the access it provides to jobs, education and opportunities.

The Lifeline discount may be used for voice or qualified broadband service, but not both.

- Lifeline discounts on voice services are available to participants of both state and federally recognized aid programs.
- Lifeline discounts on broadband services are available to participants
 of federally-recognized aid programs and is limited to certain
 broadband services. Broadband speeds must be 20 Mbps download
 and 3 Mbps upload or faster to qualify.
- If you purchase voice and <u>qualifying</u> broadband services, the federal Lifeline discount will apply to your qualifying broadband service.
- If you purchase voice service and a non-qualifying broadband service, you may receive both state and federal Lifeline discounts on your voice service.

Standard Lifeline—provides federal monthly support of up to \$9.25. In some states, additional monthly support is also available

Tribal Lifeline—offers a deeper monthly discount as well as installation assistance through the Link-Up program to qualifying customers who live on federally-recognized Tribal lands.

How do I qualify for a Lifeline discount?

Lifeline is available to qualified customers in every U.S. state. Qualification requirements vary by state. Select your state from the drop down box below in order to obtain state specific information on how to apply.

Please be aware that only one Lifeline discount is available per household, even if the household has more than one telephone or broadband account, including landline or wireless service. Under the Lifeline program, a household is defined as any individual or group of individuals who live together at the same address and share income and

expenses. The Lifeline discount is not transferable and only eligible customers may enroll in the program. Documentation of eligibility is required to enroll. Customers who willfully make false statements in order to obtain Lifeline service can be punished by fine or imprisonment and can be barred from the program.

Customer Notice

[Dear Existing Lifeline Customer]

Recently the Federal Communications Commission (FCC) initiated a change to the Federal Lifeline Program which will impact internet service.

Effective December 1, 2019, the Federal Lifeline discount for internet service will only be available for speeds of 20 Mbps download and 3 Mbps upload (20x3) or higher.

Please call **800-242-5058** prior to December 1, 2019, to find out what alternatives are available to you. **If you do not contact CenturyLink, your Lifeline discount will be removed**; you will be required to re-apply to restore the Lifeline discount.

This change may also impact any State Telephone Assistance discount you are receiving.

There are many resources available with additional information regarding this change to the Lifeline Program. Those resources include:

FCC - www.fcc.gov/general/lifeline-program-low-income-consumers

USAC - www.usac.org/ls/change-my-company.aspx or www.lifelinesupport.org/ls/

CenturyLink - www.centurylink.com/lifeline

Thank you for choosing CenturyLink for your communications needs – we value you as our customer.
