SDTA Petition to Intervene

The South Dakota Telecommunications association (“SDTA”) hereby petitions the Public Utilities Commission (“Commission”) for intervention in the above captioned proceeding pursuant to SDCL 1-26-17.1 and ARSD 20:10:01:15.02 through 20:10:01:15.05. In support hereof, SDTA states as follows:

1. SDTA is an incorporated organization representing the interests of numerous cooperative, independent and municipal telephone companies operating throughout the State of South Dakota.

2. On or about February 1, 2024, TracFone Wireless, Inc, (“TracFone” or “Applicant”) filed an Application/Petition with the Commission seeking designation as an Eligible Telecommunications Carrier (“ETC”) for the purpose of providing Lifeline support in the State of South Dakota.

3. All SDTA member companies operate as “rural telephone companies” and "eligible telecommunications carriers" under the Federal Telecommunications Act of 1996 and applicable state laws. Given that TracFone’s Application will impact rural telephone company service/study areas in South Dakota, SDTA seeks intervention in this proceeding. SDTA’s request is based on the individual interests of each of its affected member companies and

their common interests in ensuring that all federal and state requirements pertaining to ETC designation, including the additional public interest protections afforded rural telephone company service areas, are considered.

4. Specifically regarding ETC Designation in rural service areas, an additional "public interest" requirement set forth in 47 U.S.C. 214(e)(2), ARSD 20:10:32:42, 32:43, 32:43.07 and SDCL 49-31-78 applies. The commission is not obligated to grant multiple ETC designations in such areas and must make a finding that designation of an ETC is in the public interest. SDTA intends to gather information on and present information to the Commission regarding TracFone's impact in rural service areas whether granting the ETC designation as requested by TracFone is in the best interest of South Dakota consumers residing in rural service areas.

5. Based on the foregoing, SDTA alleges that it is an interested party in this matter, and it seeks intervening party status.

Dated this 7 day of February, 2024.
