)                   **TC12-134**

On September 11, 2012, the Public Utilities Commission (Commission) received a filing from TC Systems, Inc. (TC Systems) for approval of its initial Access Services Tariff. TC Systems states that its filing complies with the orders of the FCC regarding intercarrier compensation reform for VoIP-PSTN traffic, as well as standard switched access. On September 13, 2012, the Commission electronically transmitted notice of the filing and the intervention deadline of September 28, 2012, to interested individuals and entities. No parties sought intervention.

The Commission received responses to staff's data requests on January 4, 2013, and corresponding amended tariff pages on January 7, 2013.

The Commission considered this matter at its regularly scheduled meeting of January 15, 2013. The Commission finds it has jurisdiction over this matter pursuant to SDCL 49-31-18, 49-31-19 and ARSD Chapter 20:10:27. The Commission voted unanimously to approve the initial Access Services Tariff with a November 1, 2012, effective date. It is therefore

**ORDERED**, that the TC Systems initial Access Services Tariff is approved effective as of November 1, 2012.

Dated at Pierre, South Dakota, this 22nd day of January, 2013.
