Re: Fuel Clause Adjustment  
January 2016

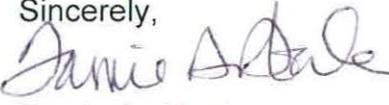

Dear Ms. Van Gerpen:

Montana-Dakota Utilities Co. (Montana-Dakota), a Division of MDU Resources Group, Inc., herewith respectfully files a fuel adjustment, statement attached hereto, in accordance with its Fuel Clause Rate 58. The attached statement shows the following:

Cost/Kwh - 3 months ended November 30, 2015	\$0.023026
Base Cost/Kwh Included in Current Rates	0.014704
Increase(Decrease) from Base Cost	\$0.008322
Net Billing Adjustment after 90% Provision	\$0.007490

Montana-Dakota will, unless the Commission otherwise orders, apply the 0.7490 cents per Kwh for service rendered during the month of January 2016. This is an increase of 0.0501 cents from the December level.

Montana-Dakota began taking service from the Southwest Power Pool (SPP) on October 1, 2015 upon Western Area Power Administration (WAPA) joining SPP to replace WAPA Network Integrated Transmission Service agreement. As such, Montana-Dakota will be responsible for additional energy related cost components, including marginal congestion and losses, for certain energy deliveries which rely on SPP transmission.

Sincerely,  
  
Tamie A. Aberle  
Director of Regulatory Affairs
