Subject: RE: HP14-001: No on Keystone XL
Auto forwarded by a Rule

My name is Marialee Neighbours
[REDACTED]
Spearfish, SD 57783

Dear South Dakota Public Utilities Commissioners Hanson, Nelson, and Fiegen:

I am writing to you to request you reject the Keystone XL Pipeline certification in docket HP14-001. The risks this pipeline and its construction pose to the health, safety, and security of South Dakota's water, land, and people are unacceptable. The final Environmental Impact Statement submitted by the State Department shows the pipeline is expected to leak at least ten times over the course of its lifetime. We are not willing to sacrifice and risk the Missouri River, the Ogalalla Aquifer, our rural water systems, and our livelihoods for dirty tarsands oil. Moreover the construction of the pipeline puts rural communities at risk with the drastic influx of people, equipment, and traffic.

006372

For these reasons and more, reject Keystone XL.

Subject: HP14-001

Thank you for your message to my fellow commissioners and me regarding the Keystone XL Pipeline. It will be posted in the South Dakota Public Utilities Commission's formal pipeline siting docket, HP14-001, under Comments and Responses. Since this is an open docket before the commission, any correspondence involving a commissioner must be posted in the open, public docket so that other commissioners and all parties to the case have access to it.

Chairman Chris Nelson
South Dakota Public Utilities Commission
