Subject: Re: Keystone XL pipeline

Our mailing address is [REDACTED] Brookings SD 57006

Dear SD PUC Commissioners:

I'm writing you today as a resident of Brookings, South Dakota and a supporter of the KXL project. I believe the project continues to be warranted and should receive re-certification for the following reasons:

It provides jobs, tax revenue, safety-foreign and domestic, better our energy reserves come from North America, establishes our global energy policies as sensible and not as radical as they have become!

Thanks!

Robert Colgrove
