Briefly explain your interest in this permit proceeding. Form is limited to 1000 characters.

Dakota Access Pipeline(DAP) will cross organic land that I have farmed for over 25 years I am concerned about my ongoing organic status. The DAP will also cross and sever tile lines that serve over 480 acres of land that we own and operate. I'm also concerned that DAP at this point has not indicated that a performance bond for the performance and eventual decommission of this project will be filed with the state of South Dakota. The placement of a pipeline carrying crude oil within several feet of hundreds of miles of perforated drain tile poses an undue and unnecessary risk to the water and sils of South Dakota.
