White, SD 57276-6101

Great River Energy  
ATTN: Dale Aukee  
12300 Elm Creek Blvd.  
Maple Grove, MN 55369-4718

Dear Mr. Aukee:

I am enclosing the signed road-use agreement for the CapX2020 Hampton – Brookings project. The township supervisors voted to approve this agreement with the stipulation that the township be given a minimum of one week notice of the dates and times for the pre- and post-construction surveys. The township will have one supervisor and a representative of the road maintenance contractor present at each survey.

The township will also require that road surface elevations be recorded at each interval of the surveys along with the other measurements. (This item was not mentioned in the inspection report list of condition measurements.) The final elevations must also be approved in order for the township to sign the final inspection report.

Sincerely,

Sharon Leiferman  
Clerk

Enclosure: Haul road agreement
