Transmission Facility Adjustment (TFA)

Black Hills Power, Inc. is in the process of updating transmission facilities in South Dakota in order to maintain its level of safe and reliable service. The South Dakota Public Utilities Commission has approved a Transmission Facility Adjustment (TFA) in order to recover the costs associated with these transmission facilities. This rate will become effective on June 1, 2014, and will increase from \$0.00000 per kWh to \$0.00031 per kWh. This rate is included on the Cost Adjustment Summary line on your bill, which includes several other rates approved by the Commission in addition to the TFA.
