RE: Docket EL14-026 In the Matter of the Application of Black Hills Power, Inc. for  
Authority to Increase its Electric Rates

Dear Ms. Van Gerpen:

As provided in the approved Amended Settlement Stipulation (“Stipulation”) in the above referenced docket, Black Hills Power agreed to file an informational report on the Cheyenne Prairie Generating Station capital project by April 1, 2015. Enclosed is a comparison of the actual capital cost and the estimated capital cost included in the cost of service for the auxiliary boiler, testing, site finish work, and internal closeout labor, along with the in-service date of each project.

Please let me know if you have any questions.

Sincerely,

A handwritten signature in black ink that reads 'Jon Thurber'.
