Response:

If Otter Tail identifies any cost, expense, or revenue component that has materially changed from the information provided in the initial filing, Otter Tail will make a Supplemental filing by the end of January 2015 that will include all available 2014 actual expenses and revenues to date, and any updated forecast information available at that time. If a Supplemental filing is not necessary in this Docket, Otter Tail will update 2014 actuals in its 2015 Annual Filing.
