RE: Docket EL15-008 In the Matter of the Application of Black Hills Power, Inc. for
Approval of its 2015 Environmental Improvement Adjustment

Dear Ms. Van Gerpen:

Enclosed for filing is the revised Exhibit 4, Environmental Improvement Adjustment (“EIA”) Calculation, with changes requested by Commission Staff. The EIA calculation was modified to reflect the actual cost and in-service date of the WYODAK Mercury Control Project on Schedule 4-3, corrects the revenue requirement calculation to properly account for the leap year in 2016 on Schedule 4-3, and the customer impact calculation on Schedule 4-5 now incorporates the final rates approved by the Commission in Docket EL14-026.

If you have any questions, please contact me at 605-721-1603.

Sincerely,

A handwritten signature in black ink that reads 'Jon Thurber'.
