1-10) Does MidAmerican have any South Dakota customers on Rate QF? If so, provide the type of generation, amount of capacity and energy generated, and amount paid by MidAmerican to each customer in 2015 and 2016 to-date. If not, have any customers expressed interest in the rate to MidAmerican?

Response:

MidAmerican does not have any South Dakota customers on Rate QF. During the past 12 months, MidAmerican has received one inquiry from a customer in South Dakota and zero interconnection applications for customer generation. The customer inquiry was for general information regarding the interconnection process and Rate QF. The customer has not given any indication if they plan to move forward with the interconnection process.
