Re: MidAmerican Energy Company's 2009 Energy Efficiency Annual Report and 2009 Reconciliation for the Energy Cost Recovery Factor
EL07-015

Dear Ms. Van Gerpen:

At its regularly scheduled meeting of March 24, 2009, the South Dakota Public Utilities Commission (Commission) considered the request for approval of MidAmerican's revised Energy Efficiency Plan. The Commission approved the plan with an effective date of May 1, 2009, with the condition that MidAmerican files its Plan with the Commission annually for approval beginning March 1, 2010, and shall work with Staff to conduct a survey of the customers participating in the program. At its January 19, 2010, meeting the Commission reconsidered its decision and approved MidAmerican revised cost budgets for the energy efficiency cost recovery mechanism.

Pursuant to the Commission's order, MidAmerican submits for electronic filing, its 2009 Energy Efficiency Annual report and the reconciliation for the 2009 Energy Cost Recovery Factor from May 1, 2009, through December 31, 2009. In addition, MidAmerican is submitting its 2010 Energy Efficiency Plan Update. The 2010 Energy Efficiency Plan Update includes a request to remove the current performance incentive provision and replace it with a provision allowing for a return on Energy Efficiency expenditures.

The filing includes the following attachments:

Exhibit A - 2009 Annual Report and Attachments 1 and 2
Exhibit B - 2010 Energy Efficiency Plan Update and Attachment
Exhibit C - Reconciliation and Revised Factor Calculation

In addition, the attached electric and gas tariff sheets, including a redlined version, are being transmitted to you for filing.

MidAmerican requests an effective date of April 5, 2010 for the revised tariff sheets.

The referenced tariff sheets entitled Electric Energy Efficiency Cost Recovery and Gas Energy Efficiency Cost Recovery are being revised to reflect the factors shown on Exhibit C, the proposed incentive change and minor text changes.

The referenced tariff sheets entitled Class of Service Rider No. 5 to Electric General Service and Large General Service – Curtailment Service, were initially filed as part of MidAmerican's original energy efficiency plan proposal in April 2007. The energy efficiency plan ultimately approved by the Commission did not include this Curtailment Service, but the tariff sheets were inadvertently included in MidAmerican's compliance filing. MidAmerican is therefore requesting cancellation of these sheets and removal from the Table of Contents.
