

Curt,

"What is this all about?"

I think it is obvious. TransCanada is likely trying to do the same thing you were trying to do with your editorial column that you emailed the commissioners earlier today (influence the public and/or commissioners).

Of course, that is just an assumption on my part, as I get the same amount of sign-off on TransCanada's PR material as I get on yours (none).

Whatever TransCanada's intention, however, the ad will have as much influence over the facts of this proceeding as the marketing and PR materials put forth by other parties (none).

I hope you had a good Thanksgiving.

Anissa, please add this to the record as it is another ex parte communication.
