RE: HP 07-001
Our File: 5057

Dear Patty:

As you know, I represent TransCanada Keystone Pipeline, LP. Attached for filing, as required by the Commission Order in this docket, please find a series of maps, 9 total, detailing the final pre-construction route for Spread 2, which is the construction scheduled for summer 2008.

While the legends of the maps say that each is a part of 46 pages, only 9 pages are being filed, which are the totality of Spread 2. Finalization of the route for 2009 construction is not complete at this time.

We consider this to partially meet the requirement of Condition 6 and trust that it does.

Very truly yours,

MAY, ADAM, GERDES & THOMPSON LLP
