<u>Company Name:</u>	MidAmerican Energy Company	<u>Subject:</u>	Gas Excess Valve Procedure Change
<u>Person to Contract:</u>	Jean Calligan (712) 277-7471	<u>Address:</u>	P. O. Box 778 Sioux City, IA 51102
<u>Initial Filing:</u>	Yes	<u>Docket No.:</u>	

Dear Ms. Van Gerpen:

The accompanying gas tariff sheet issued by MidAmerican Energy Company ("MidAmerican") is transmitted to you for filing.

MidAmerican Energy Company
Section No. V

2nd Revised Sheet No. 12

Cancels 1st Revised Sheet No. 12

This sheet is being revised to reflect MidAmerican's practice for installation of excess flow valves (EFV) beginning in January 31, 2008. For new or replacement single residence, residential service lines operating at ten pounds per square inch gauge or greater, MidAmerican will install EFVs as a standard construction practice. Furthermore, customers will not be subject installation or post-installation costs as a result of this change in construction practice.

The current tariff language outlines notification, request, and subsequent charges for EFVs in single residence, residential service lines. Because the EFVs will be installed as standard construction practice for these service lines, the procedures discussed in the tariff will no longer be applicable.

Ms. Patricia Van Gerpen

MidAmerican is requesting that the revisions to this tariff sheet become effective January 31, 2008.

This filing is being sent to you electronically. Please email a confirmation of this filing to **jmcalligan@midamerican.com**. Any questions pertaining to this filing may be directed to Jean Calligan at (712) 277-7471.

Sincerely,

/ s /

Jean Calligan
Pricing Analyst

SOUTH DAKOTA GAS SALES TARIFF
SD P.U.C. Section No. V
2nd Revised Sheet No. 12
Cancels First Revised Sheet No. 12

RULES AND REGULATIONS

5.00 Gas Service Line (Continued)

5.09 Expense of Installation (Continued)

- 5) If the design of a building, its arrangement, or location on the lot, its interior occupancy, or the existence of obstructions between the building and the gas main make it impractical in the Company's opinion to install a gas service line and at the same time satisfy all safety requirements, the Company may refuse to install a gas service line to the premises. Where such a situation exists and it is possible to install a gas service line by special design or extra construction and such gas service line can be installed safely, the Company will design and install the gas service line to suit the particular circumstances, providing the following conditions are met:
 - a) The design, arrangement, and location of the gas service line is accepted and approved by the applicant.
 - b) The applicant agrees to pay the Company for all extraordinary or abnormal construction costs including the cost of casing if required.
 - c) The design does not violate any federal, state, local, city or company standard.
- 6) Installation of gas service lines are scheduled by the Company for completion during the regular construction season.
 - a) The Company may make a charge for added cost of the construction of a gas service line if installation is required in other than during the regular construction season.
