              Date of Loss:           10/25/2011  
              Invoice #:             07-11-024

Dear Midcontinent Communications:

Thank you for the opportunity to review your claim for damages to your cable line in Ipswich, SD at the corner of Euclid and 6th.

Our investigation of the accident indicates that our insured, Allen Beyers, was not legally liable for the damages to your cable lines. The height of our insured's cultivator at the scene was 15'5", which was measured by Edmunds County Sheriff. This is below the regulation minimum for cable television service height. Since our insured's cultivator was below regulation height of service lines, we are not able to compensate you for your damages.

We appreciate your cooperation and patience during the handling of your claim.

Sincerely,

**Rodney Nieman**

Re: Insured: Allen John Beyers and Margaret A Beyers  
Claim #: 012 AR090873  
Date of Loss: 10/25/2011  
Invoice #: 2180

Dear Montana-Dakota Utilities Co.:

Thank you for the opportunity to review your claim, involving replacement of four poles and a transformer in Ipswich, SD.

Our investigation of the accident indicates that our insured, Allen Beyers, was not legally liable for the damages to your poles and transformer. Midcontinent Communications cable line was below regulation minimum height which led to the proximate cause of the accident. Therefore, we are not able to assist you in this claim.

We appreciate your cooperation and patience during the handling of your claim.

Sincerely,

**Rodney Nieman**

**SUPPLEMENTARY REPORT**

Name : Hugo, Willem Stephanus

Tractor/digger vs. Powerlines

Details of Offense, Progress of Investigation, Etc.  
To Be Signed By Investigating Officer

On Tuesday, October, 25, 2011, this officer was called to Euclid Ave. in Ipswich. The caller stated that a tractor hit a powerline and are lying on the roof of her house. I arrived and talked to the driver of the tractor. Hugo W. Stephanus. date of birth 04/14/1988. Hugo stated that the county highway is the road he always takes but was closed because of construction so he decided to take Euclid Ave. Hugo is working for Allen Beyers.

Both MDU and Midcontinent Communications had lines that were downed. Allen Beyers arrived and said he would like to measure the distance from the road to the top of the disc because he stated that the lines across a road had to be 18 feet in the air. The measurement was 15 feet 5 inches. Once the power was completely off and the area was safe I left the area.

Lenny Braun  
Edmunds County Sheriff
