TC13-026 Service List

Dear Incumbent Local Exchange Carriers:

Thank you for working closely with Staff to adjust the study area boundaries and resolve the unserved and disputed areas I mentioned in my May 31 letter. We have managed to informally resolve all but three unserved areas. The remaining unserved areas are detailed further in Appendix A.

**At this point, Staff requests the parties bordering unserved areas file any evidence or discussion for the Commission's decision in the docket by noon on Friday, June 14<sup>th</sup>.**

Attached to this letter, which we are sending electronically and posting to the docket on the commission's website, you should receive a zip file containing the shapefile of all the exchanges within the state and one appendix detailing the unserved areas mentioned above. I have made several changes to the shapefile in the last week; however, your boundaries should not have been changed if I did not consult your company personally.

If you have any questions, please let me know.

Sincerely,

Brian Rounds  
Staff Analyst
