Thank you for the responses to the data request. I have three items to address.

1. Pursuant to ARSD 20:10:24:02(19), submit a written request for waiver of the Statement of Cash Flow. State your reason (2014 1Q & 2Q financials show viable and profitable, etc.). Please submit that written request to the docket.
2. Do you agree to the terms of not offering prepaid services, for retail purposes only? This question can be answered in an email.
3. Do you agree to be subject to rural safeguards? This question can be answered in an email.

As soon as those three items are addressed, I can put your docket on the agenda. Tomorrow is the deadline for the July 22, 2014 meeting. A representative from your company would need to attend the meeting telephonically. If I do not receive the information by Friday, the next meeting will be on August 6, 2014. Let me know if you have any questions.
