- 1.1. In FCC Form 481, Santel Communications Cooperative indicates it's a privately held rate of return carrier (lines 3013-3017). Although Form 481 indicates attached documents for balance sheets, income statement and statement of cash flows, staff does not see any such documents. Please submit the documents required by 47 CFR § 54.313(f)(2).

Financial operating reports were inadvertently omitted from original creation of Acrobat PDF document containing confidential filings. Including and resubmitting confidential file attachment in its entirety to the docket.

- 1.2. Was Lifeline and Link-Up advertised in any local newspapers? If so, please provide name(s) and date(s) of publication.

Published on March 13, 2013 in Wolsey News and that same week in Sanborn County Journal and Parkston Advance. Scheduled to be printed again August 2014 as we try to print in newspaper around the approximate time we do the annual certification (which has changed).

- 1.3. Please confirm that pursuant to ARSD 20:10:32:55, customers receive written notification of Lifeline availability within 30 days of receiving service.

Yes, we do send welcome letter with details of Lifeline availability to all customers upon connection.
